

Homework Timetable

Listed below are the subject expectations per night based on year group. IT IS **ALSO** EXPECTED THAT PUPILS WILL SPEND UP TO AN HOUR READING PER WEEK (from the reading list provided), and record their reading in the reading log.

What should pupils be doing during homework time?

Pupils should spend the majority of their homework time self-testing using their knowledge organisers. The aim is for every pupil to memorise the content of the organiser for each subject. New knowledge organisers will be provided each half term. It is also expected that pupils will regularly self-test their knowledge of earlier knowledge organisers during the course of their time at Trinity. This will help pupils commit knowledge to long-term memory for use and application at GCSE and beyond.
