

Year 4 – Geography

Objective	WT	WA	WB	Notes
human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water	I understand that land is used for different things. I know that natural resources are from a variety of areas worldwide.	I can explain why different areas of land are used for different things. E.g. proximity to river.	I can explain how land uses change over space and time.	Link to Vikings topic. Discuss London as a settlement – why did it start here? What are the benefits of living in London?
<ul style="list-style-type: none"> A study linked to one of the nine eco-school topics: Healthy living 	I understand how I can adapt my life to live healthily.	I understand how choosing different foods can impact the world. → e.g. food miles	I can suggest ways for our school to eat more healthily in order to be more environmentally friendly.	Calculate food miles for a meal. Plot distances on a map. Link to fair-trade food.
use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world	I know the four points of a compass.	I can use a compass to find North, South, East and West.	I can use a compass to help me with basic navigation.	Link into maths and directions
